Teaching Learning Process

Academic Planning and Implementation: It starts with academic calendar preparation coherent with the university curriculum. Subject allotment is done by the Head of the Department based on the subject expertise of each faculty.

		<p>Industry input from the experts is considered in designing and implementation of Open Course(s). Class-wise timetable is prepared and disseminated. As an integral part of teaching learning methodology, each faculty prepares a course file, teaching plan and lecture execution plan considering various aspects of course delivery pedagogy. Every course file includes course objectives, syllabus, teaching plan, course outcomes, program outcomes, list of text books and reference books and other reference material if required. The Head of the Department and Program Coordinator together follow the execution of academics via Academic meetings.</p> <p>Course delivery: Institute has smart classrooms having ICT facilities which complement the teaching learning process. Effective course delivery is achieved through demonstrations, video lectures, role play and other techniques. In addition, different online facilities such as NPTEL, MOOC, Coursera, Swayam are provided to the students. By actively involving students in the teaching-learning process, the Institute has succeeded in shifting the course delivery process from being 'teacher-centric' to being 'student-centric'. Extensive use of Learning Management Systems (LMSs), other e-resources is done innovatively. Page 25/116 14-02-2023 02:21:01 Self Study Report of Maharashtra Education Society's Institute of Management and Career Courses Students feedback on the course delivery is taken regularly. Effective curriculum delivery is ensured through guest lectures, seminars, expert sessions, industry visits, project guidance, technical workshops, soft skills training, execution of Open Courses, etc imparted by Industry resources. The success of above endeavors and additional training is evident from exemplary academic success and competent placements. Continuous Internal Assessment: Well-planned continuous internal assessment is properly documented and disseminated to students through the 'Internal Concurrent Evaluation' manual. In addition to Mid-term and Term-end assessments which are conducted within every semester various innovative assessment methods are implemented for each course. To gauge understanding level of every course by the students, regular assignments and tutorials are uploaded on LMS to be duly submitted by the students.</p>
