Research Policy

Introduction:

Academic institutions are expected to work on three fronts viz. Teaching, research and extension activities. Research happens to be one of the pioneer aspects of academic activities which help the institution to achieve excellence in the field of education. This document illustrates the research policy of MES's IMCC and is as per the statute of Savitribai Phule Pune University (SPPU), Pune. This document provides policies and practices, to support and enhance research activities.

Purpose:

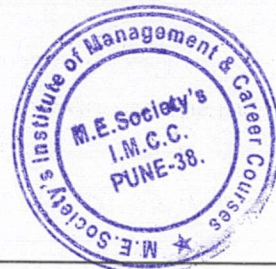

The purpose of the Research Policy is to create a vibrant environment of research among faculties and inculcate research aptitude among the students. The policy shall serve as an overall framework of Research Cell within which different activities may be carried out.

Scope:

This Research Policy forms the fundamentals of research ethics in the Institute and is implemented in the MCA and MBA departments and extended in Institutes' Research Center.

Objectives:

1. To develop desired awareness regarding research in the faculty and the student.
2. To motivate faculty members to publish research papers and undertake various research projects of social and academic importance.
3. To establish the right kind of research culture through various research initiatives and activities.
4. To provide a dais to the faculty members, as well as researchers and academicians in the Institute as well as in those from academia across the country.
5. To motivate and guide students to participate in research activities.
6. To guide PhD scholars to add novelty in their research work.
